

STRIPPING MACHINES

MS 600 Multistripper

The MS 600 is a heavy duty ride on multistripper for the serious contractor. Ideal for large areas and capable of high production rates.

The machine is powered by propane gas engine or electric motor. A tandem hydrostatic pump system creates a skidsteer drive train. Surface coverings are removed by lowering a weighted blade onto the surface and moving forward under a high torque drive system. The surface covering is removed by a flexible, sharpened blade conforming to the floor surface with the weight of the machine holding the blade firmly to the floor. The weight does not allow the blade to lift or ride over well adhered surface coverings. The machine can get into even the smallest room and elevator and at only 415kg with detachable weights removed is one of the lightest ride on machines available. The weights can then be added if additional weight is required to suit the particular application.

Specifications		
Type	MS 600 Propane	MS 600 Electric
Part Number	MS 600-5	MS 600-3
Power Output	25 hp	15 hp
Machine Dimensions mm		
Length	1860	1850
Width	640	640
Height	1450	1450
Weight	961kg	961kg
Removable	546kg	546kg
Working width mm	600	600
Engine/Motor rpm	3450	2800

Features

- Propane Powered engine
- Hydrostatic drive
- Adjustable blade angle
- Small and compact (fits through a standard door opening)
- Simple clamp arrangement for quick and easy blade change
- High work rates
- Reduced operator fatigue
- Removes upto 70% of adhesive during process

Applications

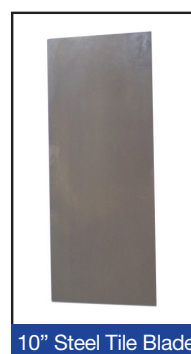

- Rapid removal of sheet vinyl, linoleum bonded carpet
- Woodblock/tiles
- Sports surfaces
- Failed latex and debonding membranes
- Build-up of excess materials in factory production areas
- Line markings applied to smooth substrates

Weight of machines shown are with the maximum 26 no weights fitted. Machines supplied with 12 no 21kg weights as standard.

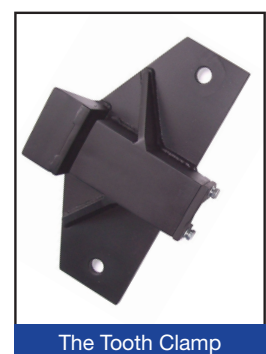

Accessories	Part No.	Description
MS 600	MS 0001	14" Steel Tile Blade
MS 600	MS 0002	10" Steel Tile Blade
MS 600	MS 0003	8" Steel Carpet Blade
MS 600	MS 0004	12" Steel Carpet Blade
MS 600	MS 0005	The Tooth Clamp
MS 600	MS 0006	Tile Tooth
MS 600	6831	21kg Weight

Tile Tooth

10" Steel Tile Blade
